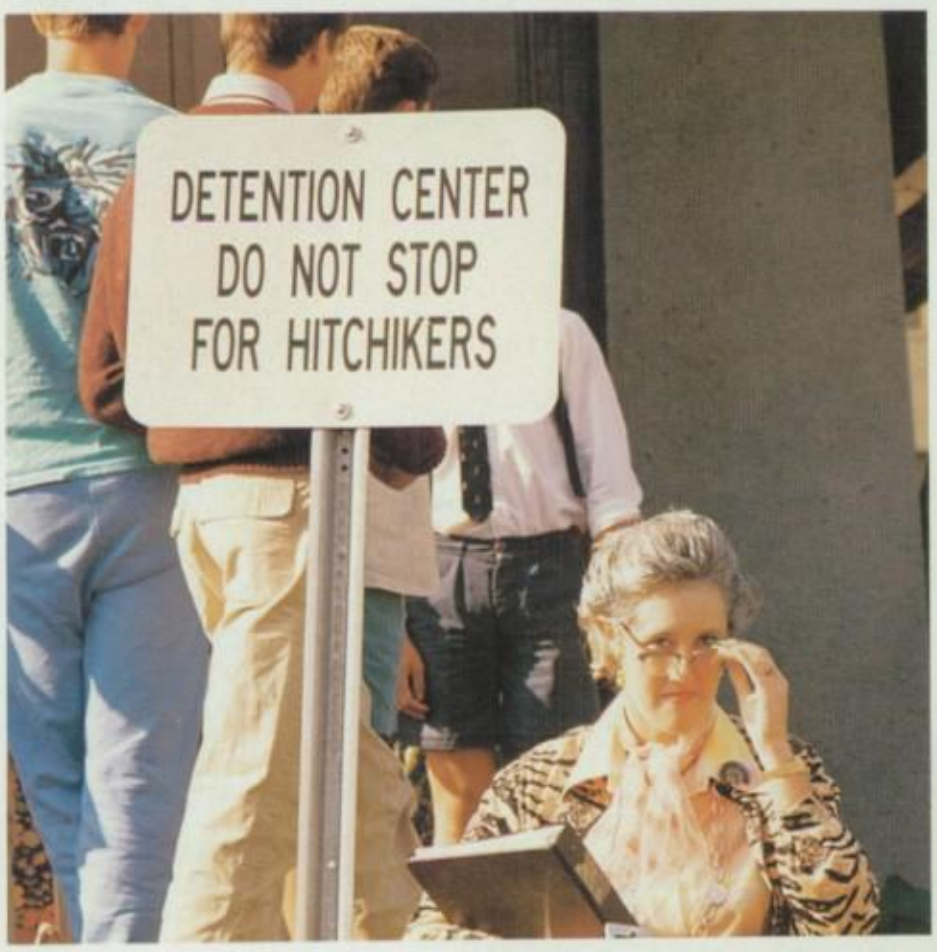
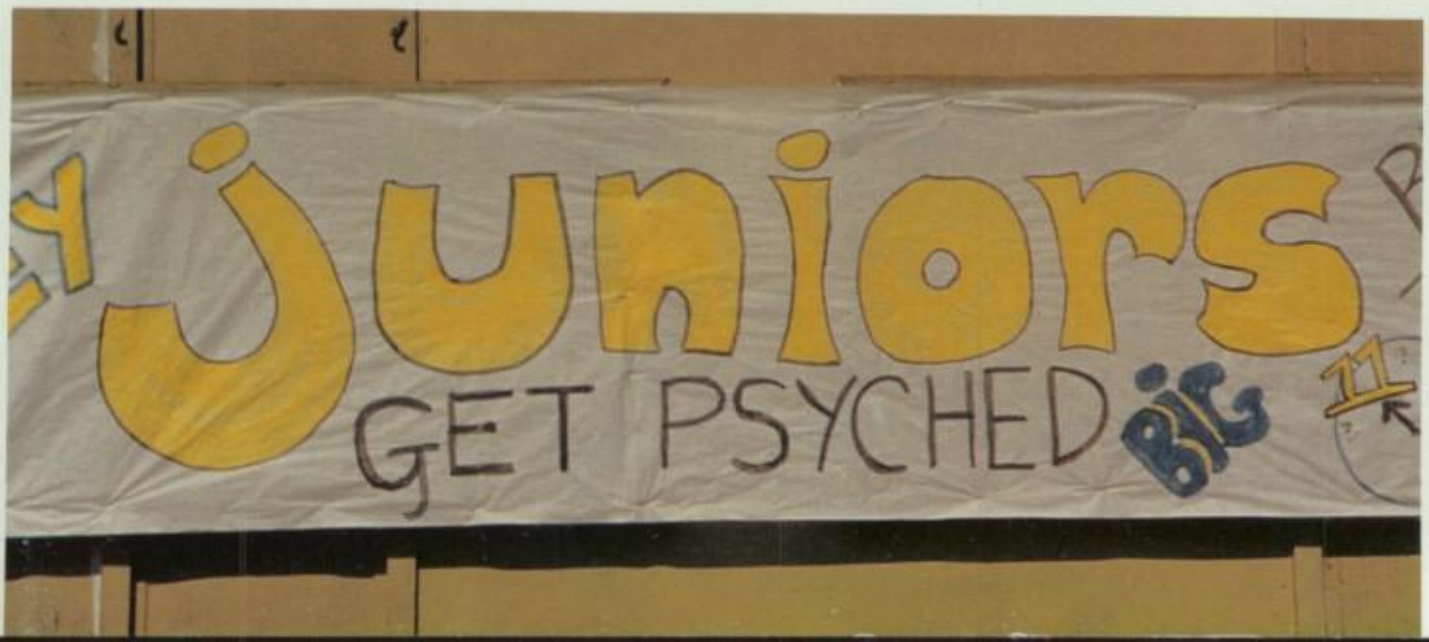
SPIRIT WEEK



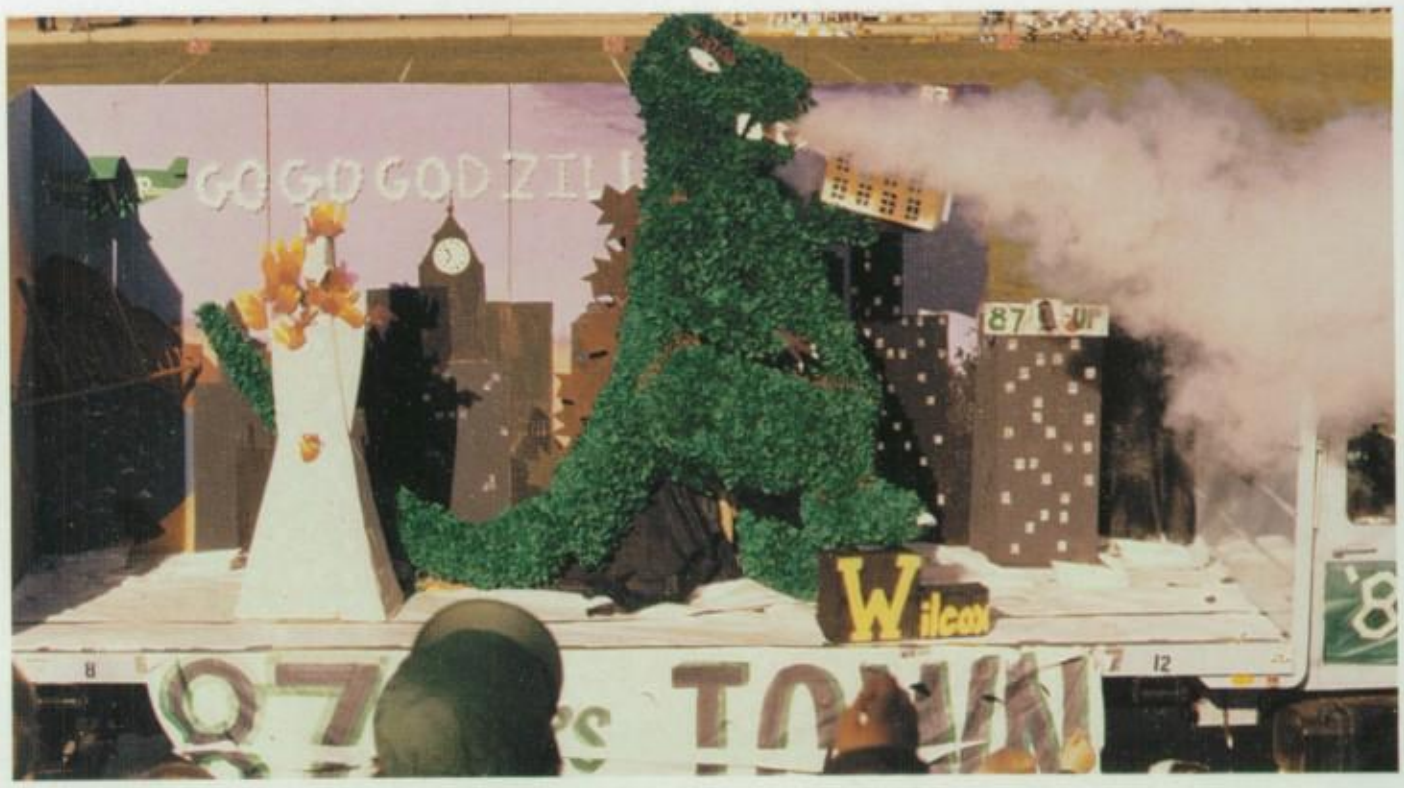
DETENTION CENTER
DO NOT STOP
FOR HITCHIKERS

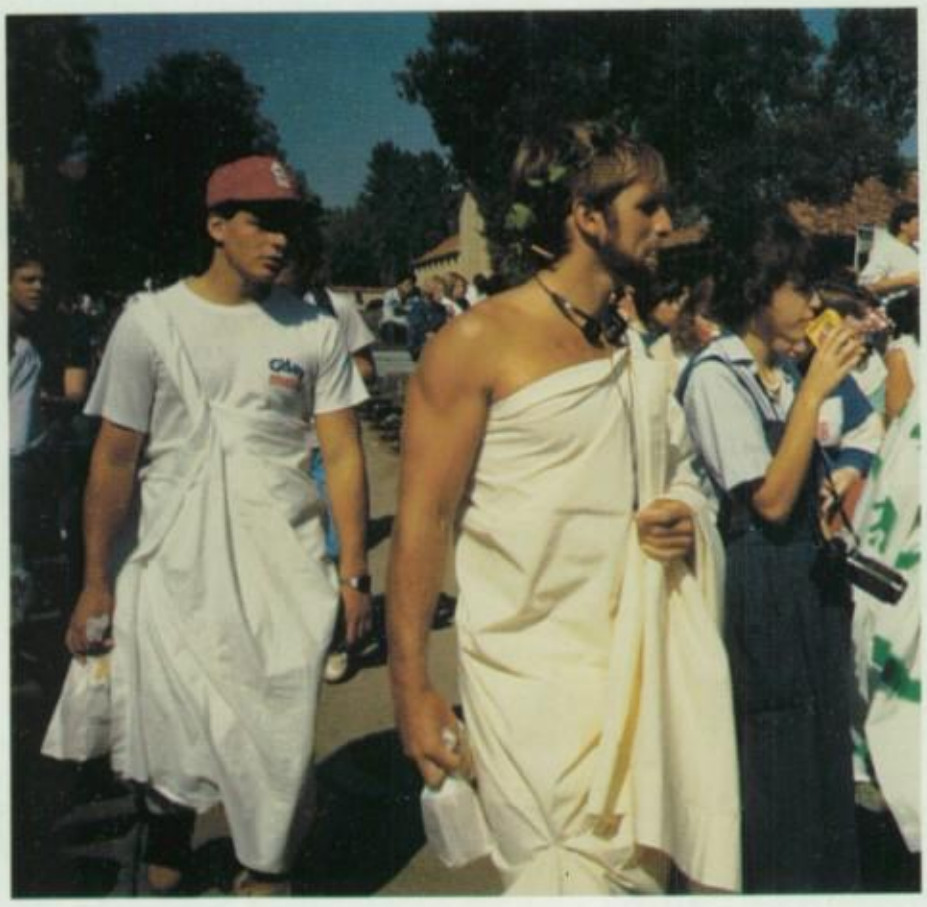
At It's Best

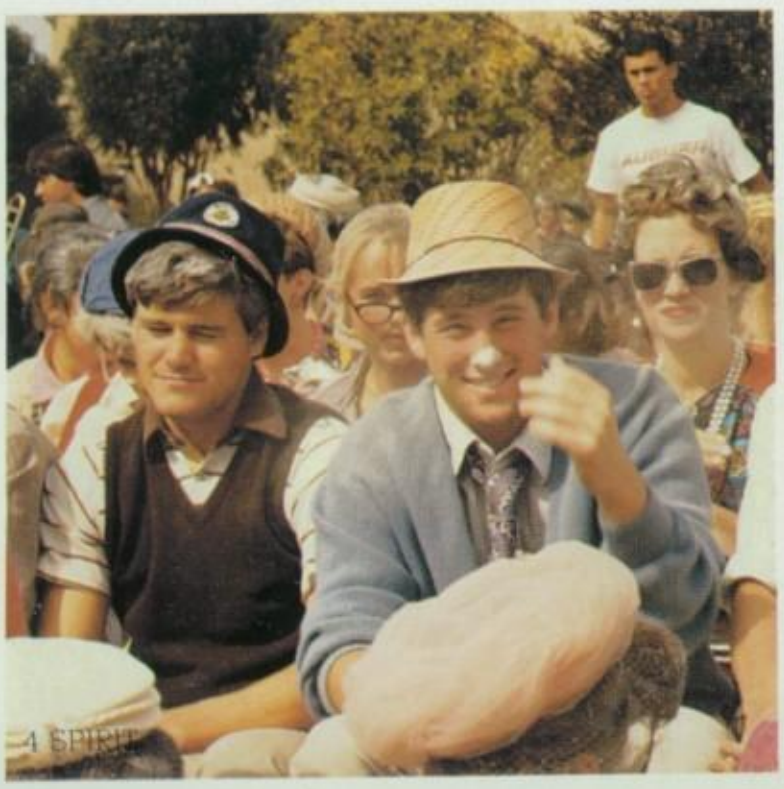


Seniors

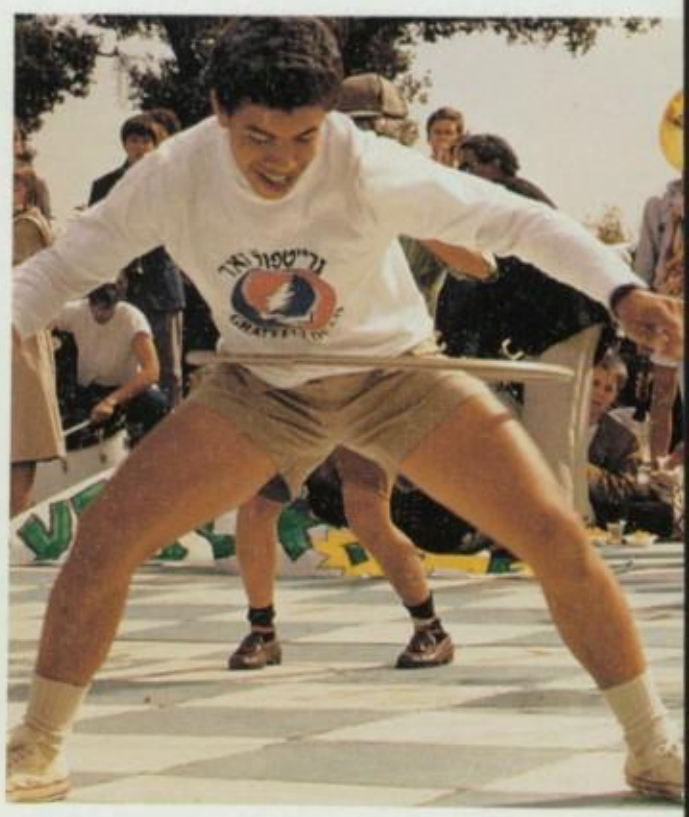
The Class of '87 did it again! Once again, they have taken the Spirit Week competition by storm, earning themselves their third straight victory and proving once and for all, that the Class of '87 rules the school. Led by Student Body President Kathy Yep and Class President David Swerdlick, the seniors racked up the most points by finishing first in almost every contest. After kicking off Spirit Week with their own Toga Day, the seniors dominated the competition throughout the week with their endless flow of school spirit. Green, the traditional color of the seniors, was omnipresent on Color Day, as were canes, granny glasses, gray hair, and wrinkles of the seniors' float, crushed all the other competitors in the Float Contest, proving the seniors' point: "Seniors got the power!"

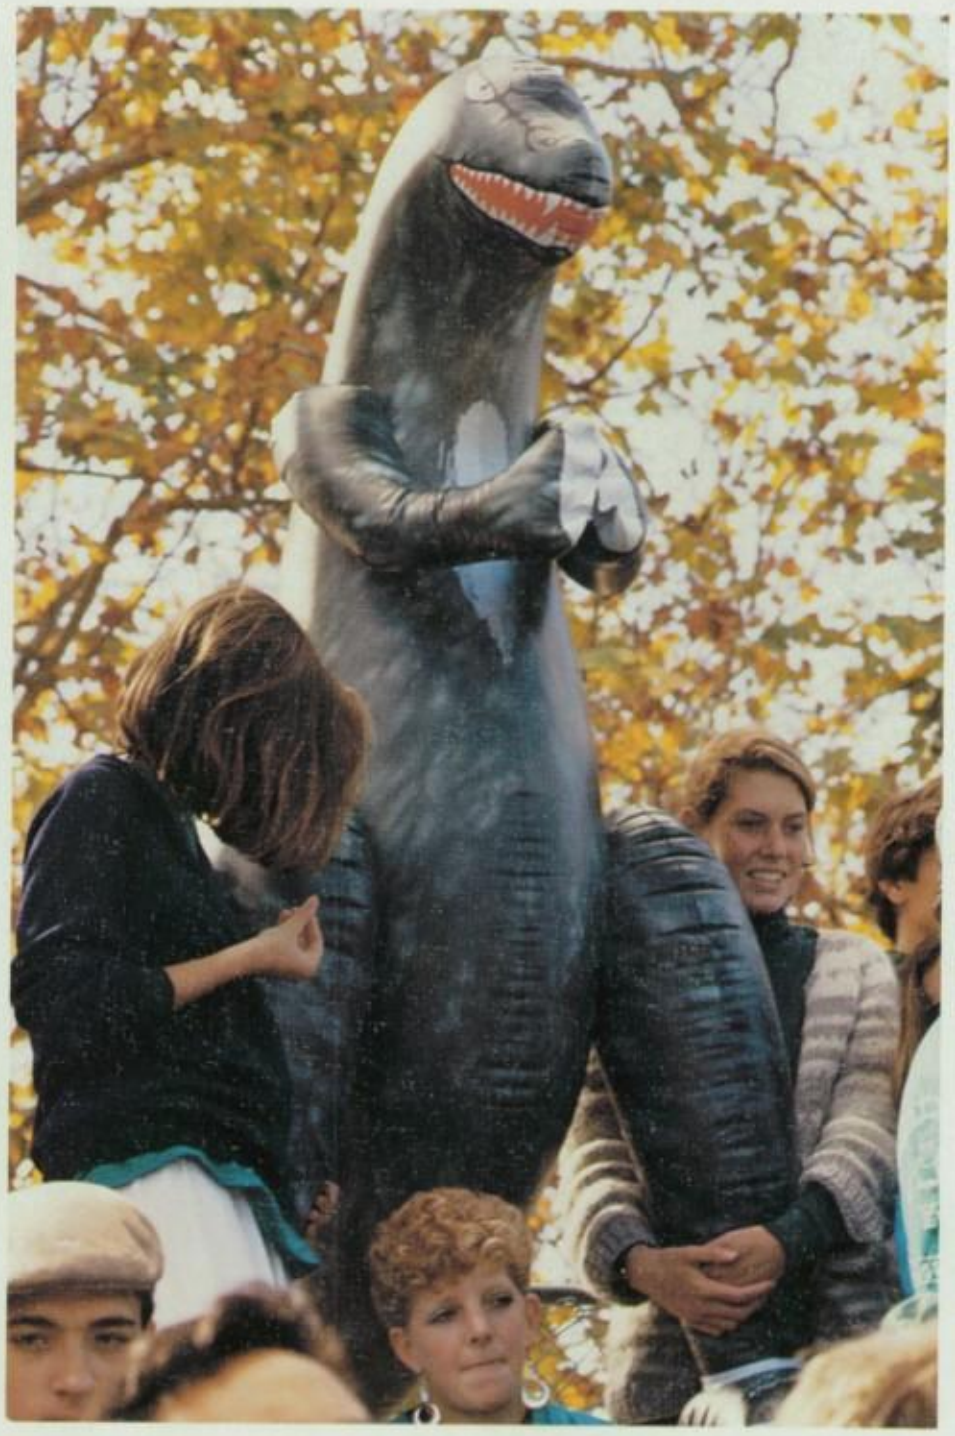






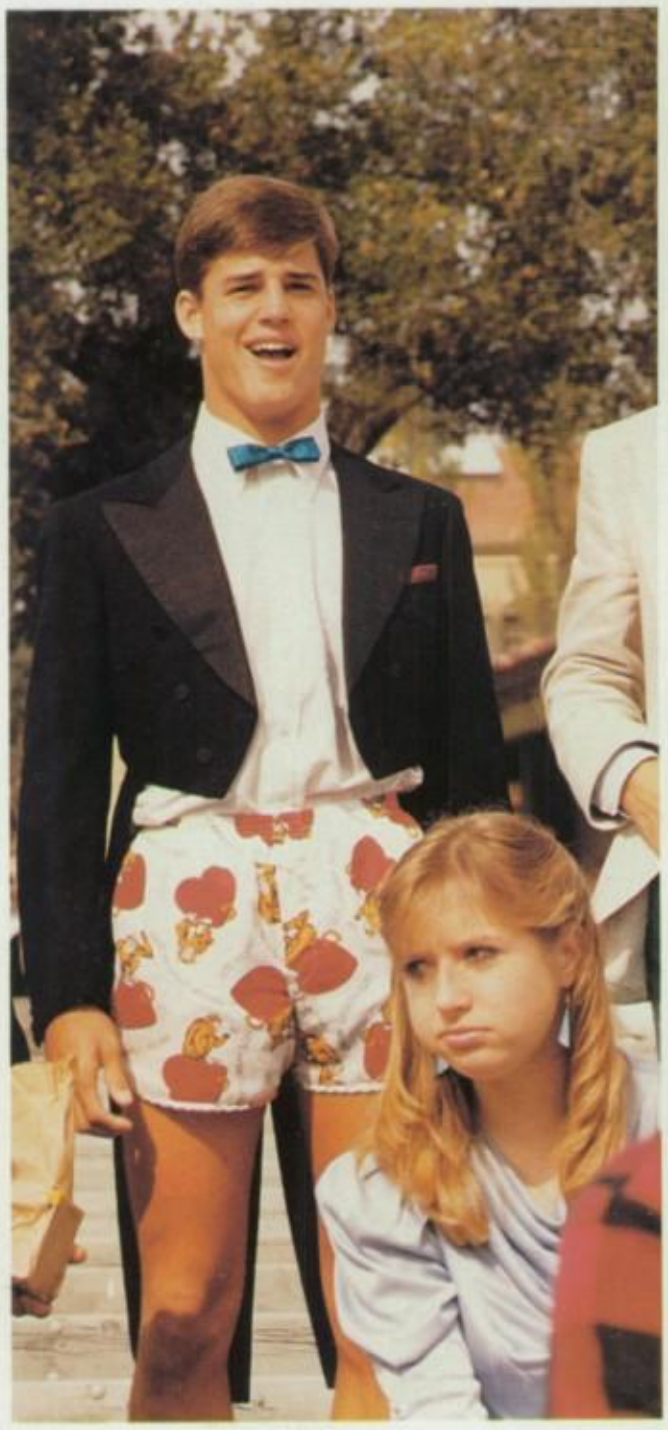
Taking The Town



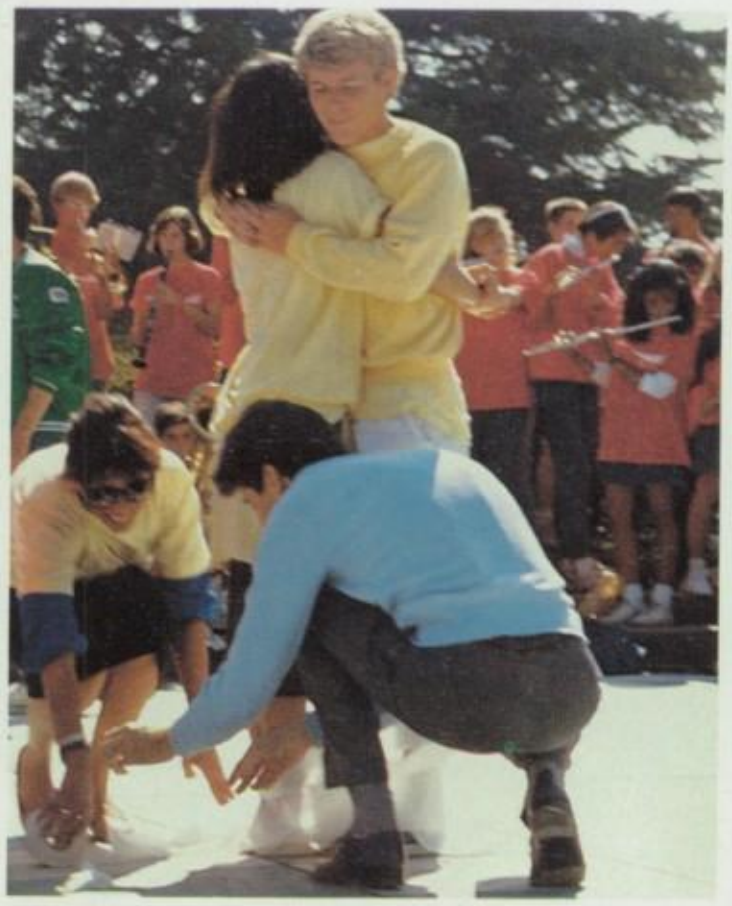


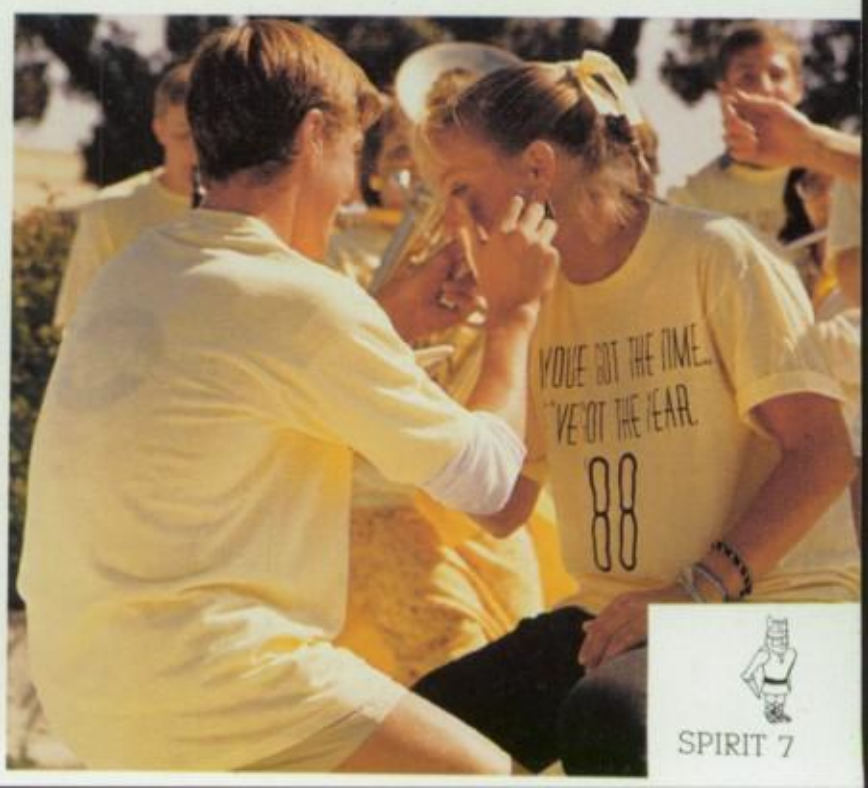
Juniors

"Nothing but the best for the Class of "88" was the general theme and mood of the junior class during Spirit Week. President Trish Chalmers led her sophisticated class to a close, 3rd-place finish behind the Class of '90. A substantial number of juniors showed their spirit by decking out in their yellow duds on Color Day, and going all out in style on Dress-up Day.



Only The Best

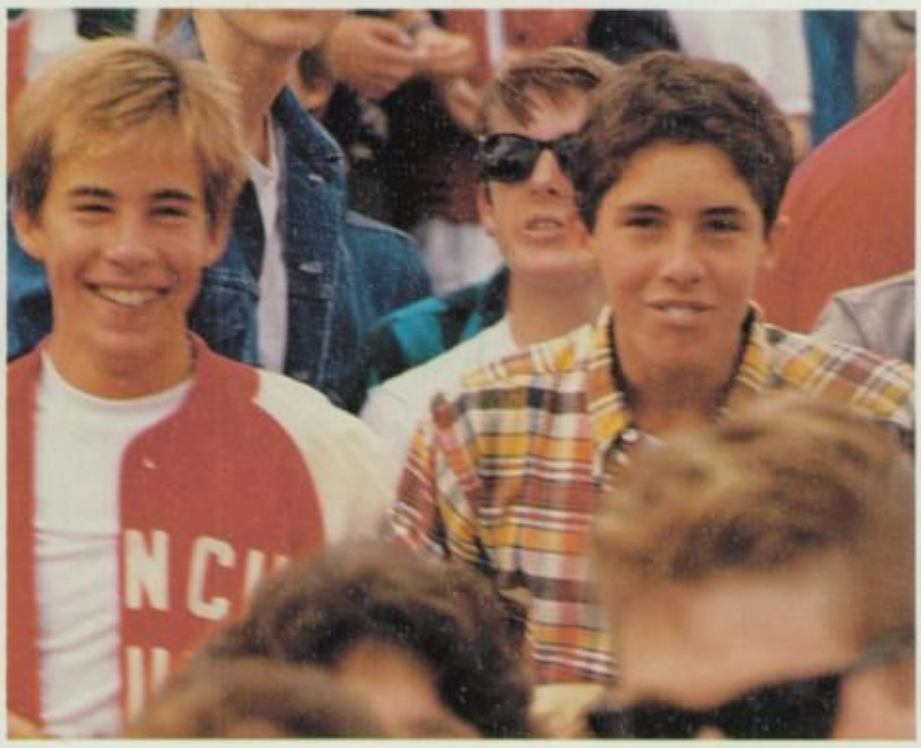


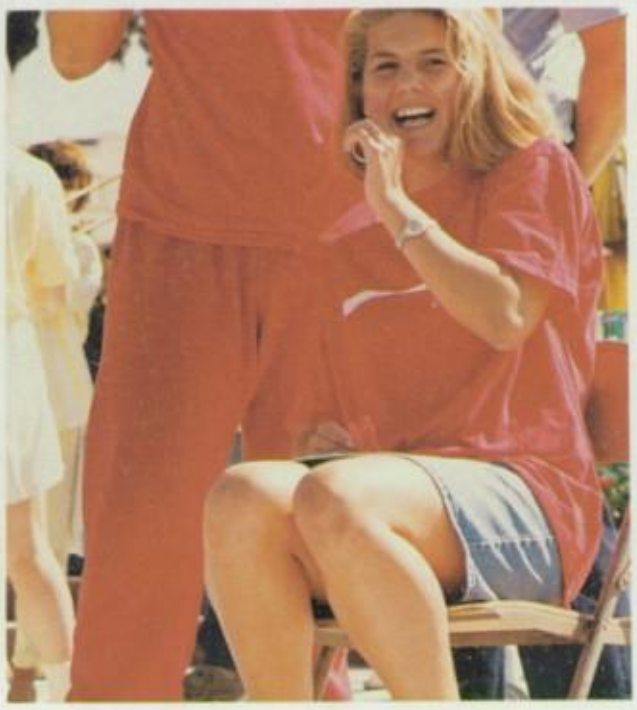


Sophomores

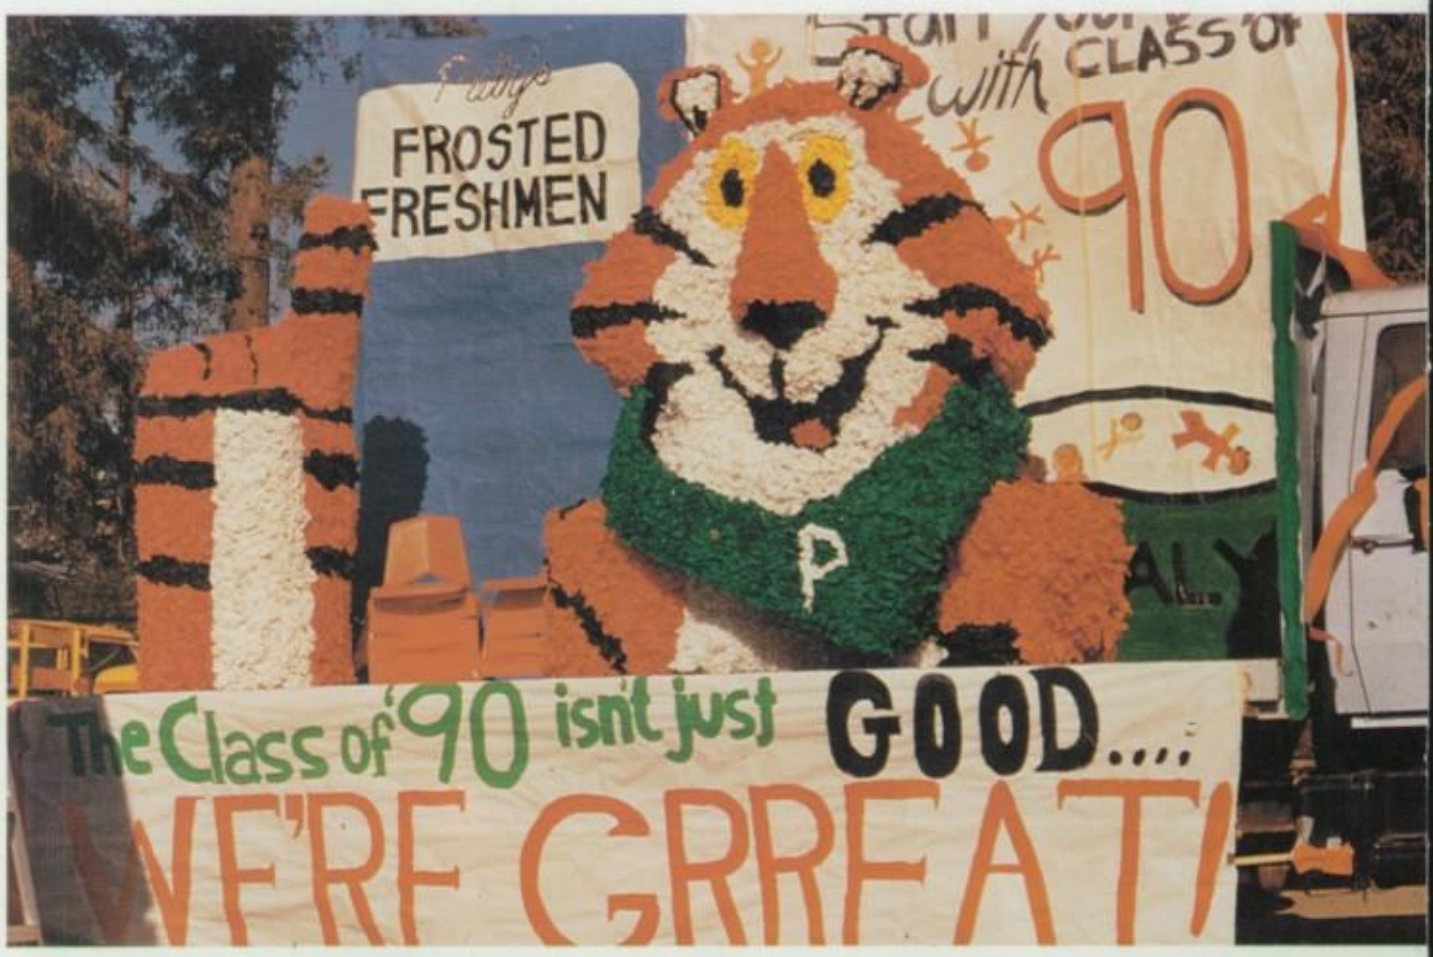
Although the Class of '89 placed fourth in the Spirit Week competition, they did not lack class unity or enthusiasm. Led by Class President Tida Violante, the sophomores showed true spirit and sportsmanship throughout the week. On Color Day, sophomores could be recognized for their red attire and paraphenalia, and on Dress-up Day, many sophomores were seen in poodle skirts and leather jackets.

Catch Our Wave





Freshman



Paly's "Frosted Freshmen", under the spirited leadership of Class President Elise Greven, upset the sophomores and juniors by placing 2nd in the Spirit Week Competition (setting a new record for Paly ninth-graders). Unafraid of showing their spirit, wearing orange, or dressing up as babies, the Class of '90 provided stiff competition for the other classes, and proved, in the words of Tony the Tiger, that "they're not just good . . . they're GRREAT!"

ACTIVITIES

Friendship Project

The friendship project at Paly aids freshmen in their transition from junior high to high school. Paly juniors and seniors are paired up with one or two freshmen buddies and help them to quickly feel a part of the Paly community. The upperclassmen also provide support for the freshmen and try to answer any questions their buddy may have concerning school, activities or any general problems. The Friendship project breaks down the traditional class level barriers and is fun and rewarding to all who make an effort to participate.

Special Friendship Project

The Special Friendship Project provides an important opportunity for main-stream Paly students to form friendships with some of the students in the Learning Handicapped Special Day Class. The main-stream students are paired with a special friend in the class, and meet for lunch and other social activities. Activities range from pizza parties & picnics to a trip to Yosemite. The Special Friendship Project helps to better acquaint the main-stream students with a valuable and sometimes overlooked part of the student body. Both Friendship Projects are organized by Mr. Toole.

Members are: Jo Ann Arnold, Sally Barry, Louise Bride, Gene Buttrill, Jeff Coons, Christine Cornils, Andy Crookson, Alison Erler, Cindy Haffner, Adam Hancock, Giev Kashkooli, Paul Kockelman, Kuldip Kumar, Toniah Liberty, Sharmila Lodhia, Sara Longstreth, Tris Martin, Michelle Milledge, Marty Niehaus, John Ostby, Maria Padilla, Lotti Pharriss, Matt Pope, Michelle Raynor, Marc Reach, Colin Roche, Claudia Ruehl, Audra Sanchez, Megan Scurlock, Michael Seiders, Jen Shields, Sarah Skelton, Brian Strausser, Mark Tholke, Elinor Tuerk, Tanya Turneaure, Jared Vermeil, Peter Vroom, Nicole Winchester, Chis Woodsen, Kelli Wright

What Was Hot In '87

So what were those trends, music groups, movies, TV shows, and "hot spots" that typified and will someday remind us of the way we spent our time and money during the 1986-87 school year?

The year definitely had its own distinct set of fashions and trends. Some noteworthy items representing the fads and styles of the year are: bows, scarves, large hoop earrings, boots, leather jackets, jean jackets, overalls, skirts of any kind, and anything from the Gap, Limited, Contempo, Guess, or C.P. Shades.

In the music scene, Genesis and Peter Gabriel were very popular, as well as Van Halen, U2, Bruce Springsteen, Run DMC, Sting, and the Cure.

Memorable movies of the year include: "Top Gun", "Aliens", "Crocodile Dundee", "Stand By Me", "Blue Velvet", "Peggy Sue Got Married", "Platoon", and "Some Kind of Wonderful".

Thursday night proved indisputably to be the best night on the boob tube with "The Cosby Show", "Family Ties", and "Cheers". Other favorite TV shows during the year were "Moonlighting", "L.A. Law", and "Miami Vice". Night-time soaps still held their most loyal audiences, but were generally disappointing with some highly improbable and sometimes ridiculous storylines (especially the one which allowed "Bobby" to reappear on "Dallas", making the entire previous season one long dream).

For those students who chose to leave the campus for lunch, (assuming themselves to be too good for the Student Center), the Market at Town and Country always drew sizable crowds of Paly people. And for those with cars (and assuming themselves to be too good for the Student Center *and* T&C), Jack in the Box, Cool Licks, and McDonald's were a few of the favorite places to eat, in addition to the newly opened Burger King in downtown Palo Alto.

There was no particular "hangout" for Palo Alto teenagers after school and on weekends, but many could be found at Stanford Shopping Center, the Vortex — the new Palo Alto dance club, Century 10 Cinemas in Mountain View, or at the Palo Alto Square.

Yearbook

On The Wall Yearbook Class

The 1986-'87 yearbook owes its smashing success to the brilliant leadership of veteran yearbook staffers Amy Kieraldo and Caroline King. The two editors in chief spent long hours mapping out the outstanding design of this year's yearbook. Of course, all of their efforts would have been to no avail without the diligence and creativity of the rest of the yearbook staff. The unsung heroes of this year's staff are: Holly Behr, Colin Bricken, Cam Burr, Blaine Cole, Stephanie Corning, Lori Devalle, Chris Divis, Aoife Dowley, Meg Ellefson, Stewatt Epstien, Maureen Fitch, Laura Foster, Tyler Gill, Clive Henrick, Lorne Johnson, Susan Kagel, Alex Kaplinsky, Amy Kieraldo, Elizabeth Kim, Caroline King, Clayton Kunz, Chip, Roy Lee, Michele Lew, Patrick Loungeway, Neil McGaraghan, Jason Monberg, Kim Moravick, Jen Peters, Sam, Allison Shore, Josh Snodgrass, Lisa Tharpe, Chauntelle Zschokke.

Campanile

Behind every edition of the Campanile is at least two weeks of effort. First Stories are researched and written, hopefully, but rarely, before the deadline. During production week, when the paper is pasted together, Graphics is THE place to be. Page editors wrestle with the computers, rock music blares out of the window, brownies and salsa materialize on a table, the headline machine becomes constipated, the blue pencils and metal rulers vaporize, layouts are rearranged, the editors-in-chief obsess over invisible details, and the staff spends hours inventing obscene or hilariously inappropriate headlines. Finally, Mrs. Wojcicki arrives, freaks out, censors all the headlines, and the issue is ready for publication.

International

Paly's first International Festival was held this year to celebrate the variety of nationalities at Paly. The purpose of International Week was for students to develop an awareness of different cultural heritages, points of view, issues and to recognize the independence of people and events around the world. Every Paly student had the opportunity to listen to speakers and music and witness dances and sports demonstrations. Many restaurants contributed to this event by selling foods at lunch.

Festival

A great deal of planning went into the preparations for International Week. Many thanks to Barbara Greenwood, our chairman, Mary Jensen for foods, Carolyn Reller for hospitality, Theresa Bourke for publicity, Kristine Erving and Mary Young for community resources, Susie Christiansen for displays and demonstrations, Carol Murden and Sue Apfelberg for sports, Nancy Drapkin and Hortense Burke for the speakers, Gwen Barry our treasurer, and of course the Paly staff and students.

Merci ... Gracias ... Danke!!!

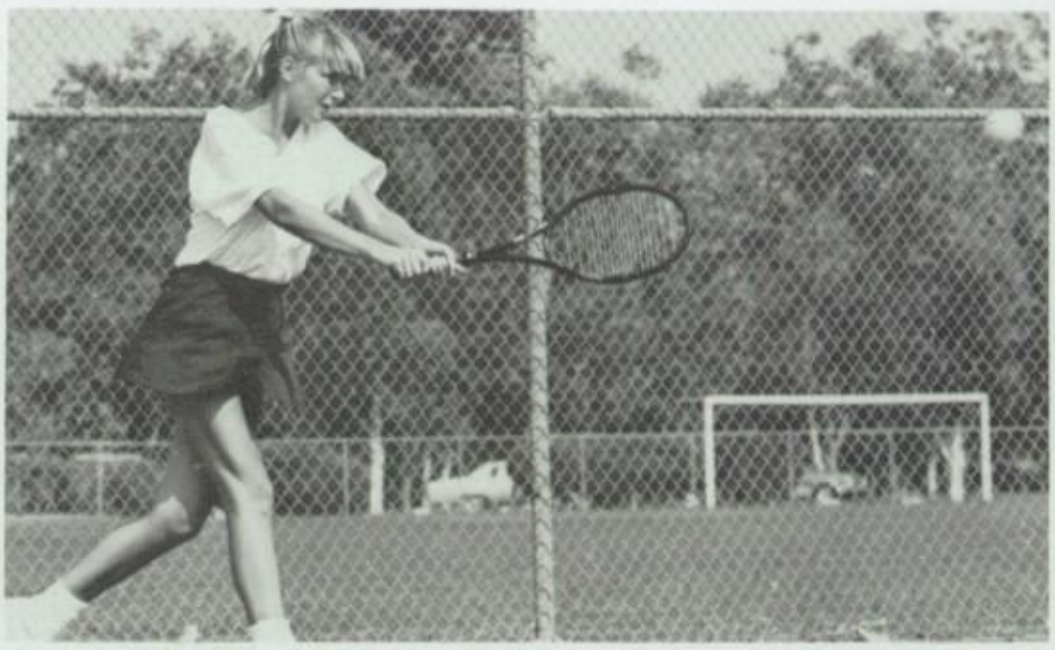
Girls' Tennis



Lady Netters Enjoy Smashing Season!

This year's Paly Girls' Varsity Tennis Team, with an abundance of young talent, served and volleyed their way to a third place finish in the CCS and second only to a strong Gunn team in the SCVAL. Captain Portia Monberg and MVP Sunneva Siem, along with sophomores Bo Hewitt and Kari Swenson, were the backbone of the team, which compiled a 5-1 league record and was 12-3 overall. The team members also excelled in the classroom, setting a CCS record with a 3.917 average GPA. Coach Vivien Moyer feels next year's team has the potential to be as strong or stronger than this year's squad. She praised sophomores Hewitt, Swenson, Tina Cannon, and junior Nicole Winchester as four returning players to lead the Vikings to victory in 1987. This year's JV team also was outstanding, winning the SCVAL championship with an immaculate league record. Barrie Klynne, Melissa Vadman, and Captain Melanie Baker led the team to success. With the great depth the Varsity and JV teams possess, tennis at Paly should be very competitive for years to come.

Boys Varsity Soccer

This year's soccer team suffered through one of its most disappointing seasons in recent years. Although the Vikings clearly outplayed many of their SCVAL opponents, they could not find any luck near the opponent's goal. What little scoring the booters had was handled by senior co-captain Sam Player and junior forward Andrew Murden. Senior Scott Witscher and junior Teague Donahey controlled the Midfield, while senior co-captain Jim Kurpius anchored a strong defense consisting of Jason Ekstrom, Sean Sullivan, and Bob Torres-all seniors. Sophomore keeper David Ramberg earned the team's MVP award with some outstanding play in goal, and Player collected the team's Most Inspirational player award.

Next year's team should fare much better than this season's inexperienced, 5th place team. With eight returning sophomores and 3 returning juniors, the soccer team will definitely have more success.

As A Man Thinketh

If you think you're beaten, you are,
If you think you dare not, you don't.
If you'd like to win, but think you can't,
It's almost a cinch you won't.
If you think you'll lose, you've lost
For out in the world we find
Success begins with a fellow's will
It's all the state of mind.
If you think you're outclassed, you are,
You've got to think high to rise
You've got to be sure of yourself
before you can ever win a prize.
Life's battles don't always go
To the stronger or faster man
But sooner or later the man
who wins
Is the man who thinks he can
Anon. - Tony "

Thanks to my teachers, friends, (Dee, Brian, Nathan, Matt, Dave, and Dan) and parents for helping to make these past 4 years successful and fun. Special thanks to Mike for helping me all those hours.

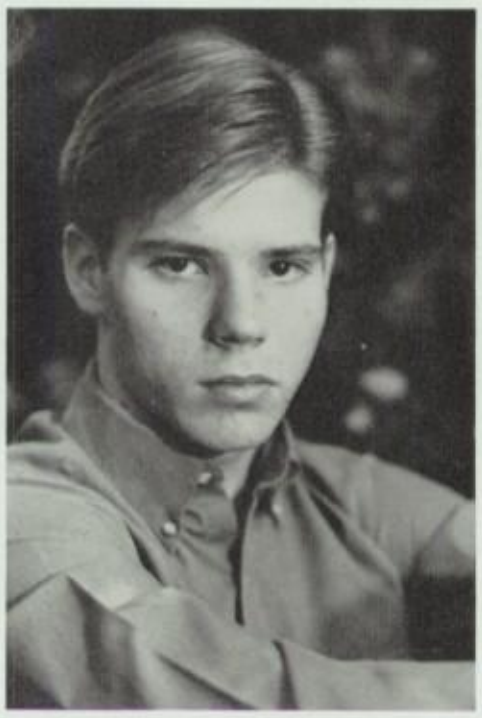
CHRIS FOBES



How to describe these 4 years:

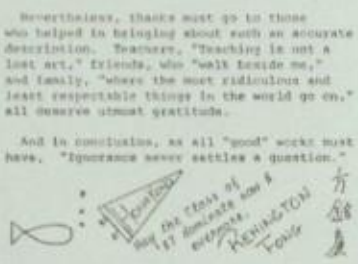
"Great" would be boring,
"Bad" would mean nothing,
"Awesome" is not in my vocabulary, yet
"Daring" might come close.

"Unusual" comes to mind,
"A miracle" fulfilled,
"Thought-filled" would be nothing but an understatement,
"Illogical," perhaps.

"Over-stressed," but indeed
Nearer to myself have they brought me.

Nevertheless, thanks must go to those who helped in bringing about such an accurate description. Teachers, "Teaching is not a lost art," friends, who "walk beside me," and family, "where the most ridiculous and least respectable things in the world go on," all deserve utmost gratitude.

And in conclusion, as all "good" works must have, "Ignorance never settles a question."



"Success is never final and failure is never fatal and it's not whether you win or lose, it's how good you looked!"

James Ford

Ace/AMC Gremlins

The AMC Gremlin Club was founded by Patrick J. Loungway shortly after returning home from a seven year trek through the Himalayian mountains. During which time he studied under many of the great Budhist spiritual leaders. Under their guidance he grew immensely, yet returned home unfulfilled and broke. He needed a car to return the last few miles home, so he purchased a metallic mud brown AMC Gremlin X V8 with a pink left wheel well and a round porthole-type window in the rear. On his homeward journey west, he discovered the merits of this fine automobile as he sang along to many a John Denver musical selections played on his Hitachi 8-track. Often on the open highway did Loungway experience near Nirvana in the car's spun nylon, Levi edition interior. After returning to friends and family, one night his car mysteriously imploded into a pellet of pure energy. Because his experience was such a meaningful one, Brother Loungway formed the Gremlin Club to share the joy that only the ownership of an AMC Gremlin automobile can bring. Among the clubs activities, none of which have occured, the reporting of sightings and the simple enjoying of the Gremlin's aesthetic qualities are just a few.

Dismembers: Patrick J. Loungway, Waverly R. Smith, David Socrates Swerdlick, Kimberly Gay Dillon, Nicole J. Neumaker, Janet N. Chang, Sidney Eugene Buttrill, Christopher A. White Farris, Sabra T. Hattner, Lisa A. Tharpe, Tofu Yomasaki.

WHICH OF THESE SMILES WOULD YOU SEND TO AN ORTHODONTIST?

Have an opinion?

If you do, you probably just made the same mistake millions of parents make every year.

You based your decision on what you saw in the kids' mouths in the picture. But, that's far from the total picture.

You just can't give an eye test to a child's teeth. A smile that looks acceptable at a young age can be in for some problems later.

Even parents who wore braces themselves frequently don't realize that the purpose was to help shape the health of their mouths, not just straighten their teeth.

Proper spacing is paramount for good mouth health.

Sometimes pretty smiles are pretty cramped.

Sometimes mouths are great in front where you can see them, but bad in the rear where you can't.

These are the reasons why every child should have an orthodontic checkup.

An orthodontist will analyze the mouth in terms of the effect of tooth alignment or facial formation on long-term health. The fact is, two out of three untreated mouths show a problem.

Twenty-five percent will be serious.

This also means that millions of problem mouths are going untreated every year. The shame is, many of them could be simply corrected at a young age. Correction can be a lot more extensive in later years.

We, of the American Association of Orthodontists, are the qualified men and women who meet the extended educational requirements mandatory for an orthodontic specialist. We are doing our best to make parents aware that an orthodontic checkup is essential for every child, no matter how pleasing a smile may look. One checkup can assure you that you're doing your best to keep that smile — for a lifetime.

We'd be happy to give you further information on the importance of orthodontics to mouth health, not only to children but also to adults. Just write the American Association of Orthodontists.

Dear Mr. Printer:

I thought I'd sent page forty-four,
But I just found it on the floor.
It is enclosed with ninety-eight,
I'm sorry it's a month too late.

I said I'd sent the rest myself,
These ten were lying on a shelf.
The pages sent as six and seven,
I'd like to change to ten and eleven,
That is unless they're already done,
In that case make it ninety-one.

Please send page twelve and thirteen back,
I should have made those two girls' track.
Instead I sent girls' volleyball,
And that can't go in there at all.
I had it planned wrong, that's the thing
I plumb forgot it came in "Spring."

I'm sorry all our stuff was late,
Could that affect delivery date?

Love,
